

## Update from your DHUMC leadership concerning masking and social distancing guidelines:

We recommend you wear masks **regardless** of your vaccination status to keep from spreading any germs you may be unknowingly carrying. We understand that some of you are uncomfortable in masks but ask **if you are not wearing a mask to increase the distance between others.**

We ask everyone to be mindful of social distancing. We have replaced our pretty blue tape in order to help us to better spread out in the sanctuary. To accommodate our numbers and the ability to spread out, we have reopened the back seating area.

The best way to protect each other from the spread of the virus is to be vaccinated and we encourage everyone who is able to be vaccinated to do so. Our goal is to do no harm and to be able to continue to worship together in person. We will continue to assess the situation and update everyone as needed.
